

**Brand: Ranger**  
**Model: RTB-7DC**  
**Description: 7-Drawer Tool Cabinet / On Casters**

Don't make the mistake of comparing these quality tool-storage units with your typical mass merchandise, lightweight toolboxes with flimsy drawers and "lunchbox" construction. These are commercial grade toolboxes and cabinets built with Ranger™ quality throughout. All Ranger™ toolboxes and cabinets feature high-grade 16-gauge and 18-gauge steel cabinets and drawers, rolled top edges, multiple fold drawer construction, and full extension heavy-duty ball bearing drawer slides. Compare the shipping weight of our cabinets and boxes to the competition. We're sure you'll find that pound for pound, Ranger™ cabinets and boxes are the best value in their class.
